

## New Electronic Visa Application System

---

Last Updated:  
December 23, 2019

Please be informed that the Tanzanian Government has instituted a New Electronic Visa Application System. All travelers arriving into Tanzania will need to purchase their Tanzania visas directly online prior to arrival. We will provide you with a refund for the cost of the visa (\$100 per person) plus the processing fees (\$30 per person) charged by a third-party visa company in order to make the application process as easy as possible.

There will no longer be the ability to purchase a visa upon arrival and international air carriers will be checking that you have your Tanzania visa prior to boarding your plane. Travelers who do not have the visa may be denied boarding at the point of departure. We recommend using the company **iVisa.com** to assist with the completion and submission of your visa application. You can begin the process with this link:

<https://www.ivisa.com/tanzania-visa?nationality=US>

IMPORTANT NOTE: There are fraudulent Visa application sites that you will find should you do your own internet search.

You are required to fill in the online application form (one per person) and submit your credit card payment for the visa costs. Once the application is approved (this usually takes 1 – 2 weeks), the approved Tanzania visa will be automatically emailed to you. Please download and print the entire visa document including the approval letter and visa grant notice and bring with you to Tanzania. Again, international air carriers will be checking that you have your Tanzania visa prior to boarding the plane so please have your printed Tanzania visa grant notice handy when checking in at the airport.

Prior to starting the application process, you'll need to have the three following documents accessible:

- 1 / A photo of your yourself (headshot),
- 2 / A picture of your passport data page and
- 3 / A copy of your international flight itinerary

Note: You can simply use your phone/tablet to take these pictures.

### **On the trip information tab within the online application, please use the following information:**

What Type Of Host In  
Tanzania?

**Company / Organization**

Host Full Name / Company  
Name: **Africa Dream Safaris**
